

# Baba Yaga, Fair Vasilisa and the Wise Doll

You are invited to an afternoon treat for women  
on a full moon Sunday in between Samhain and Mother's Day.

## Come alive with wholebody delight...

...in this playful exploration of a Russian folktale through  
storytelling, live music on a Yamaha grand, and movement.

Unwind, expand and drop deeply into the  
spacious underlying stream of being as  
storyteller Jenni and improvising pianist  
Lynette create a supportive and guided  
workshop for women to open freshly to the  
experiential world of intuition.
